

A WORLD WITHOUT WATER

Life would not be the same if we did not have water. We use it to cook and clean, companies use it to make materials like tires and clothes, and we enjoy it for recreation. Our bodies are even filled with water! This school year, Birmingham Water Works will bring attention to how valuable our water truly is.

“A World Without Water” contest is open to all fifth-grade students in the water system’s service area – Jefferson, Shelby, Blount, St. Clair, and Walker counties.

CONTEST RULES

1. Students may opt to create a video, essay, or poster that conveys the theme A World Without Water.
