BIRMINGHAM WATER WORKS TO HOST CAREER FAIR ON MARCH 4-5 AT HARBERT CENTER

Utility Seeks to Fill over 100 Positions; Hiring Managers Will Be On-Site

BIRMINGHAM, ALABAMA —(MARCH 3, 2022) — For the very first time, Birmingham Water Works is hosting a career fair on March 4th-5th at the Harbert Center in downtown Birmingham.

The largest water utility in Alabama, Birmingham Water Works is hiring for approximately 100 open positions, and hiring managers will be in attendance to meet applicants. Available jobs include customer service representatives, meter readers, maintenance workers, engineers, water treatment operators, executive assistants, project coordinators, and more.

According to the U.S. Bureau of Labor Statistics, the unemployment rate for Birmingham-Hoover metropolitan area sits at 2.6 percent as of December 2021, below the national average of 4.0 percent.

“While Birmingham is a tight labor market, we offer competitive pay and benefits and comprehensive training. Applicants will have the opportunity to join an award-winning team with room for advancement,” says Rick Jackson, Public Relations Manager of Birmingham Water Works. “We’re a great place to work as evidenced by the high percentage of employees who stay with us 10, 20, and 30 plus years.”

Approximately 33 percent of Birmingham Water Works employees have between 10 and 20 years of service, while 17 percent of the workforce has worked for the utility for more than 20 years.

Hours for the Career Fair are 12:00 pm until 4:00 pm on March 4th and 9:00 am until 1:00 pm on March 5th. Job seekers are encouraged to pre-register at bwwb.org.
