

ADDENDUM 1
to Bid # 24-03-10
Traveling Screens for Cahaba Pumping Station
8/21/2024

To: All holders of the Bid Packages

- a. Your attention is directed to the following Change of Venue for the mandatory meeting to be held at 11:00 on Monday, 8/26/2024.

Birmingham Water Works
Historic Cahaba Pumping Station
4012 Sicard Hollow Rd.
Birmingham, AL 35242

- b. Atlas SSI is the OEM manufacturer for the parts needing repair/replacement in this solicitation. We are not seeking replacement of these screens, rather repairs be done to them. Other manufacturers may bid on this solicitation; however, all provided parts for the associated repairs must be done to the specifications stated in the appendices of the bid package. It is preferable that Atlas SSI parts be used due to operational continuity and guaranteed application, but this is not a requirement to bid. Other manufacturers may source similar parts, but a requirement does exist to ensure BWW that alternate parts meets the specifications as laid out in this solicitation.
- c. This Addendum is part of the Bid Package. Bidders are required to acknowledge receipts of both Addenda.
