The supplier is strongly encouraged to allow ample travel time to ensure arrival in the conference meeting room prior to the beginning of any mandatory conference. The BWW reserves the right to consider any representative arriving late to be "not in attendance." Therefore, all suppliers are strongly encouraged to arrive early to allow for unexpected travel contingencies.

2.1.3. BWW's Right to Request Additional Information - Supplier Responsibility

Prior to an award, the BWW must be assured that the selected supplier has all of the resources to successfully perform under the contract. This includes, but is not limited to, adequate number of personnel with required skills, availability of appropriate equipment in sufficient quantity to meet the on-going needs of the BWW, financial resources sufficient to complete performance under the contract, and experience in similar endeavors. If, during the evaluation process, the BWW is unable to assure itself of the supplier's ability to perform, before award, the BWW shall have the option of requesting from the supplier any information deemed necessary to determine the supplier's responsibility. If such information is required, the supplier will be so notified and will be permitted approximately seven (7) business days to submit the information requested.

The BWW reserves the right to reject any or all responses, to waive any irregularity or informality in a response, and to accept or reject any item or combination of items, when to do so would be to the advantage of the BWW. It is also within the right of the BWW to reject responses that do not contain all elements and information requested in this solicitation. A response will be rejected if the response contains any defect or irregularity and such defect or irregularity constitutes a material deviation from the solicitation requirements, which determination will be made by the BWW on a case-by-case basis.

2.1.6. BWW's Right to Amend and/or Cancel the Solicitation

The BWW reserves the right to amend this solicitation. Any revisions will be made in writing prior to the solicitation closing date and time. By submitting a response, the supplier shall be deemed to have accepted all terms and agreed to all requirements of the solicitation (including any revisions/additions made in writing through an addendum posted by BWW, prior to the close of the solicitation whether or not such revision occurred prior to the time the supplier submitted its response. 2.1.8. Quantities or Estimates of Products and Services

The quantities specified herein are estimates based upon current consumption and projected demand for the next contract year and shall not be construed to represent an amount which the BWW shall be obligated to utilize or purchase. The exact amounts ordered may be more or less and subject to BWW's actual needs. The responding supplier acknowledges and agrees that the BWW will only be responsible for the commodities and/or services actually purchased and/or consumed.

2.1.9. Permits and Licensing

The awarded supplier shall be responsible for obtaining all permits, licenses, certifications, bonds, etc., required by federal, state, county, and municipal laws, regulations codes, and ordinances for the performance of the work required in these specifications and to conform to the requirements of said legislation. All fees must be included in the contract amount and paid by the awarded supplier.

2.1.10. Use of Subcontractor(s)

Except as may be expressly agreed to in writing by the BWW, the awarded supplier shall not subcontract, assign, delegate, or otherwise permit anyone other than the supplier's personnel to perform any of supplier's obligations under the executed contract.

No subcontract which the awarded supplier enters into with respect to performance of obligations or work assigned under the BWW awarded contract shall in any way relieve the supplier of any responsibility, obligation, or liability under the contract which may be awarded from this solicitation.

All restrictions, obligations, and responsibilities of the supplier under the awarded contract shall also apply to any subcontractor(s) that may be sourced by the supplier. Any contract with a subcontractor must preserve the rights of the BWW. The BWW shall have the right to request the removal of a subcontractor from the awarded contract with or without cause.

2.1.11. Supplier Performance

In the event the BWW deems it expedient to perform service(s) or source alternate similar/like products(s) which have not been provided by the supplier as required by the awarded contract, or to correct work which has been inadequately performed by the supplier as required in the solicitation documents, BWW reserves the sole right to procure services and/or products from another source and may charge the difference between the contract and the substitute contract to the defaulting supplier.

The BWW reserves the right to inspect the manufacturing and/or service development process of any awarded supplier's products and/or services.

2.1.12. Supplier Warranties

The awarded supplier represents and warrants that the goods and services provided in accordance with this solicitation will appear and operate in conformance with the terms and conditions of the finalized contract.

All goods delivered by awarded supplier to the BWW shall be free from any defects in design, material, or workmanship. If any goods offered by the awarded contractor are found to be defective in material or workmanship, or do not conform to supplier's warranty, the BWW shall have the option of returning, repairing, or replacing the defective goods at awarded supplier's expense. Payment for goods shall not constitute acceptance. Acceptance by the BWW shall not relieve the awarded supplier of its warranty or any other obligation under the finalized contract.

The awarded supplier represents and warrants that title to any property assigned, conveyed or licensed to the BWW is good and that transfer of title or license to the BWW is rightful and that all property shall be delivered free of any security interest or other lien or encumbrance.

The awarded supplier represents and expressly warrants that all aspects of the goods and services provided or used by it shall at a minimum conform to the standards in the supplier's industry. This requirement shall be in addition to any express warranties, representations, and specifications included in the finalized contract, which shall take precedence.

2.1.13. Priority Customer Status

By submitting a Cost Worksheet response to this solicitation, supplier understands and acknowledges that the BWW provides water services that are essential to the health and welfare of the public. Failure of an awarded supplier to provide materials under any awarded contract issued pursuant to this solicitation may jeopardize the BWW's ability to provide timely services, which may affect the health and welfare of the public served by the BWW. In the event of product shortages at any level of the production to delivery chain, awarded supplier(s) agrees and affirms that the BWW will be given the earliest possible notice of supply chain issues and the highest priority for allocation of the item(s) listed herein. To the extent that awarded supplier(s) must prioritize and/or allocate delivery among its customers, the requirements of the BWW will be honored before contract items are provided to a customer with no obligations with regard to the public health and welfare.

2.1.14. Silence of Specifications

THE APPARENT SILENCE OF SPECIFICATIONS AS TO ANY DETAIL OR TO THE APPARENT OMISSION FROM IT OF A DETAILED DESCRIPTION CONCERNING ANY POINT, SHALL BE REGARDED AS MEANING THAT ONLY THE BEST COMMERCIAL PRACTICES ARE TO PREVAIL.

4. Proofread your response and make sure it is accurate and readily understandable.
5. Label any and all documents using the corresponding section numbers of the solicitation or any other logical name so that the BWW can easily organize and navigate the supplier's response

3. Instructions to Suppliers

Suppliers shall not commence any work until all the insurance as provided herein is obtained nor until the BWW has approved such insurance. Certificates issued by the Supplier's Insurance Company must be filed with the BWW before any work is commenced as evidence of the insurance as provided herein. Such certificates must contain a clause stating that the Insurance Company will notify the BWW ten days prior to any change, cancellation, or renewal of the Supplier's insurance.

Proposal Certification

By responding to this solicitation, the supplier understands and agrees to the following:

1. That the submitted Cost Worksheet constitutes an offer, which if accepted in writing by the BWW, and subject to the terms and conditions of such acceptance, will constitute a valid and binding contract between the supplier and the BWW; and
2. That the supplier guarantees and certifies that all items included in the supplier's response meet all of the solicitation's identified specifications and requirements except as expressly stated otherwise in the supplier's response; and
3. That the response submitted by the supplier shall be valid and held open for a period of **ninety (90) days** from the final solicitation closing date and that the supplier's offer may be held open for a lengthier period of time subject to the supplier's consent; and
4. That the supplier's response is made without prior understanding, agreement, or connection with any corporation, firm, or person submitting a response for the same materials, supplies, equipment, or services and is in all respects fair and without collusion or fraud. Supplier understands and agrees that collusive bidding is a violation of state and federal law and can result in fines, prison sentences, and civil damage awards; and
5. That any provision of the State of Alabama Code has not been violated and will not be violated in any respect.

4. Solicitation Bid Factors

This section contains the detailed technical requirements and related services for this solicitation. The BWW has determined that it is best to define its own needs, desired operating objectives, and desired operating environment. The BWW will not tailor these needs to fit a particular solution a supplier may have available; rather, the suppliers shall propose to meet the BWW's needs as defined in this solicitation. All claims shall be subject to demonstration. Suppliers are cautioned that conditional responses/bids, based upon assumptions, may be deemed non-responsive.

Unless requested otherwise, all responses must be provided within the provided forms included with this solicitation.

4.1. Introduction

All of the items described in this section are service levels and/or terms and conditions that the BWW expects to be satisfied by any awarded supplier. Each supplier must indicate its willingness and ability to satisfy these requirements in the supplier's submitted response.

Unless otherwise specified, references to brand name or trade name/mark products are intended to be descriptive, but not restrictive, and are used to indicate the quality and characteristics of products that may be offered. Other products may be considered for award if such products are clearly identified and are determined by the BWW to meet its needs in all respects. Each supplier's response must indicate the brand name, model, and/or series number of the product offered and include such specifications, catalog pages, or other data that will provide an adequate basis for determining the quality and functional capabilities of the product offered.

4.2. Mandatory Requirements

As noted in the preceding section, this solicitation contains mandatory requirements (e.g., product specifications, service or quality levels, staff requirements, experience, or license requirements, etc.) which must be met by the supplier in order for the supplier to be considered "responsive" and, therefore, eligible for contract award. These mandatory requirements will be defined in one or more of the following ways:

1. Requirements in this solicitation document

2. Requirements contained in any attachment to this solicitation, such as HUB Documents, EEO Report, Certification of Non- Discrimination, Debarment Form, any BWW requested bonds, and the Cost Worksheet

5. Cost Worksheet

Each supplier is required to submit pricing as part of their response.

5.1. General Pricing Rules

By submitting a response, the supplier agrees that it has read, understood, and will abide by the following instructions/rules:

1. The submitted pricing must include all costs of performing pursuant to the resulting contract; and
2. Bids containing a minimum order/ship quantity or dollar value, unless otherwise called for in the solicitation, will be treated as non-responsive and may not be considered for award; and
3. The supplier is required to provide net prices. In the event there is discrepancy between a supplier's unit price and extended price, the unit price shall govern;
4. The prices quoted and listed in the response shall be firm throughout the term of the resulting contract, unless otherwise noted in the solicitation or contract; and
5. Unless otherwise specified in any terms and conditions issued by the BWW to the solicitation, all product deliveries will be F.O.B. destination and all shipping charges must be included in the quoted cost; and
6. Unless expressly permitted by the solicitation, responses containing provisions for late or interest charges will not be awarded a contract. Suppliers must "redact" any such provisions in their submitted forms; and
7. Responses containing prepayment and/or progress payment requirements may be determined non-responsive unless otherwise permitted by the solicitation; and
8. Unless permitted by the solicitation, responses requiring payment from the BWW in less than thirty (30) days will be considered non-responsive; and
9. The BWW is exempt from certain taxes and no provision for such taxes should be included in the supplier's response.

5.2 Cost Structure and Additional Instructions

BWW's intent is to structure the cost format in order to facilitate comparison among all suppliers and foster competition to obtain the best market pricing. Consequently, the BWW requires that each supplier's cost be structured as directed in the solicitation. Additional alternative cost structures will not be considered. Each supplier is hereby advised that failure to comply with the solicitation instructions, submission of an incomplete offer, or submission of an offer in a different format than the one requested may result in the rejection of the supplier's response.

Enter all information directly into the Cost Worksheet(s). Enter numbers on each cost sheet in "number" (two-place decimal), not "currency" or other format unless otherwise stated. That is, omit dollar signs, commas, and any other non-essential symbols. (e.g., \$7.90 should be entered as 7.90) Prices must be in US Dollars. Enter "n/a" to indicate not available or "0" if there is no charge. Cells left blank will be interpreted as "no offer".

6. Evaluation and Award

All timely responses will be evaluated in accordance with the following steps. The objective of the evaluation process is to identify the most competitive bid. Once the evaluation process has been completed, the apparent

successful supplier(s) will be required to enter into discussions with the BWW to resolve any exceptions to BWW's contract.

6.1. Administrative/Preliminary Review

First, the responses will be reviewed by the Issuing Officer, or their designee, to determine compliance with the following requirements:

1. Response was submitted by deadline
2. Response is complete and contains all required documents

6.2. Evaluating Bid Factors

If the supplier's response passes the Administrative/Preliminary Review, the supplier's responses will be evaluated. Responses to mandatory requirements will be evaluated on a pass/fail basis. If a response fails to meet a mandatory requirement, the BWW will determine if the deviation is material. A material deviation will be cause for rejection of the response. An immaterial deviation will be processed as if no deviation had occurred.

6.3. Evaluating Cost

BWW may utilize lowest cost, lowest total cost, and total cost of ownership (TCO) or greatest savings to determine the most competitive pricing. Submitted pricing may be evaluated/scored on an overall basis or at the category/subcategory/line level (as applicable) relative to other responses/bids.

6.4. Local Preference

BWW may choose to utilize a local preference for the award of a contract for items of personal property or services as provided by and in accordance with State of Alabama Code §41-16-50 of the Code of Alabama (1975). A local preference is not applicable to the award of a contract funded by federal grant. Per State of Alabama Code § 41-16-50, the BWW considers Blount, Jefferson, St. Clair, and Shelby Counties to be within its Core Based Statistical Area.

6.5. Alabama Based In-State Preference

In compliance with State of Alabama Code § 41-16-57(b), the purchase of or contract for goods or services, the BWW shall give preference, provided there is no sacrifice or loss in price or quality, to commodities produced in Alabama or sold by Alabama persons, firms, or corporations.

6.6. Selection and Award

It is likely that this solicitation may result in multiple awards determined by pricing and availability. Any contract award(s) resulting from the solicitation will be made to the lowest, responsive and responsible supplier(s) meeting all specifications and with whom the BWW has reached agreement on all contract terms and conditions. The BWW reserves the right to select one or more suppliers for award by way of awarding all items to one supplier, individual line items to one or more suppliers, or subcategories of products/services to one or more suppliers when to do so is in the best interests of the BWW.

When selecting the lowest responsive and responsible supplier(s), the determination may involve all or some of the following factors: price, conformity to specifications, financial ability to meet the contract, previous performance, facilities and equipment, availability of repair parts, experience, delivery promise, terms of payments, compatibility as required, other costs, and other objective and accountable factors which are reasonable.

6.7. Site Visits and Oral Presentations

The BWW reserves the right to conduct site visits, request product/work samples, or to invite suppliers and/or awarded suppliers to present their product/service solution to the evaluation teams. The supplier(s) and/or awarded supplier(s) shall provide access to all manufacturer's production, testing, storage, operation, and other areas if, and when, requested by the BWW.

7. Solicitation Terms and Conditions

The contract that the BWW expects to award as a result of this solicitation will be based upon the solicitation, the successful supplier's final response as accepted by the BWW and the contract terms and conditions. The "successful supplier's final response as accepted by the BWW" shall mean: the response submitted by the awarded supplier, written clarifications, and any other terms deemed necessary by the BWW, except that no objection or amendment by a supplier to the solicitation requirements or the contract terms and conditions shall be incorporated by reference into the contract unless the BWW has explicitly accepted the supplier's objection or amendment in writing.

Exception to Terms and Conditions

By submitting a response, each supplier acknowledges its acceptance of the solicitation specifications without change except as otherwise expressly stated in their submitted responses. If a supplier takes exception to a solicitation provision, the supplier must state the reason for the exception and state the specific language it proposes to include in place of the provision. Any exceptions to any solicitation specification must be redlined with comments or countered as requested by other BWW supplied documentation, explaining the rationale for the proposed revision and submitted as an attachment to the supplier's response. Proposed exceptions must not conflict with or attempt to preempt mandatory requirements specified in the solicitation. Proposed exceptions must be in compliance with State of Alabama law. For further information regarding contracting with BWW, please go to the [State of Alabama Legislature Webpage](#), select [Legal Resources](#), and then [Code of Alabama](#).

In the event the supplier is selected for potential award, the supplier will be required to enter into discussions with the BWW to resolve any contractual differences before an award is made. These discussions are to be finalized and all exceptions resolved within the period of time identified in the schedule of events. Failure to resolve any contractual issues will lead to rejection of the supplier's response. The BWW reserves the right to proceed to discussions with the next best ranked supplier.

Exceptions that materially change the terms or the requirements of the solicitation may be deemed non-responsive by the BWW, in its sole discretion, and rejected. Contract exceptions which grant the supplier an impermissible competitive advantage, as determined by the BWW, in its sole discretion, will be rejected. If there is any question whether a particular contract exception would be permissible, the supplier is strongly encouraged to inquire via written question submitted to the Issuing Officer prior to the deadline for submitting written questions as defined by the Schedule of Events.

8. Delivery and Invoicing

Delivery of Products and/or Services

Unless otherwise stated in the solicitation and any resulting contract, items shall be shipped F.O.B. Destination. The supplier shall retain title for the risk of transportation, including the filing for loss or damages. The invoice covering the items is not payable until items are delivered and accepted by BWW. Unless the F.O.B. clause states otherwise, the seller assumes transportation and related charges either by payment or allowance.

All items shall be subject to inspection on delivery. Hidden damage will remain the responsibility of the awarded supplier to remedy without cost to the BWW, regardless of when the hidden damage is discovered.

**F.O.B. Birmingham Water Works
3600 First Avenue North
Birmingham, AL 35222**

The BWW reserves the right to have orders delivered to different locations that are BWW owned or leased, or contractor worksites at the awarded supplier's expense.

A packing list shall accompany every shipment. The absence of a packing slip or required shipping order information may cause refusal of the shipment. The packing list shall contain: Purchase Order number, Delivery release number, item description, quantity shipped, quantity ordered, and quantity backordered (if any).

If there is a delay in products manufacturing or shipping and/or the performance of services, the awarded supplier(s) must notify the BWW, in writing, as soon as possible. The awarded supplier(s) must provide weekly updates, in writing, to the BWW for any product and/or service delays.

Invoicing

The BWW will render payment to the awarded supplier(s) by check on a net 30-day basis after receipt of the products and/or services and an invoice that has been submitted as required in this solicitation, unless the BWW authorizes alternative terms in writing. All invoices must be submitted to accountspayable@bwwb.org. Any discrepancies noted by the BWW must be corrected by the awarded supplier within 48 hours. The payment amount due on invoices cannot be altered by the BWW personnel. Once disputed items are resolved, the awarded supplier must submit an amended invoice, or a credit memorandum for the disputed amount. The BWW will not make partial payments on an invoice where there is a dispute. The BWW will only make payments on authorized transactions.

Invoices submitted pursuant to this solicitation must include:

- Name and remittance address of supplier.
- Invoice date.
- Invoice number.
- Solicitation number.
- BWW Issued PO number.
- Must clearly show the description of products and/or services to include the number of each product or line item fulfilled.
- Contact information of the person to be notified in event of a discrepancy in the invoice.

9. Order of Preference

In the case of any inconsistency or conflict among the specific provisions of the executed contract (including any amendments accepted by both the BWW and the Awarded Supplier), the solicitation (including any subsequent addenda and written responses to supplier's questions), and the supplier's response, any inconsistency or conflict shall be resolved as follows:

- (i) First, by giving preference to the specific provisions of the executed contract.
- (ii) Second, by giving preference to the specific provisions of the solicitation.
- (iii) Third, by giving preference to the specific provisions of the supplier's response, except that objections or amendments by a supplier that have not been explicitly accepted by the BWW in writing shall not be included in the contract and shall be given no weight or consideration.

10. Indemnification

The successful bidder shall indemnify and hold harmless the Board and its present and future affiliates, and the representatives, agents, officers, and employees of each of them (The "Indemnified Parties") from and against

any and all loss, damage, or liability resulting from demands, claims, suits, or actions of any character presented or brought for any injuries (including death) to persons (including without limitation employees or agents of the successful bidder) and for damages to property caused by or arising out of any negligent (including strict liability), wanton, or intentional act or omission of the successful bidder, any of its subcontractors, anyone directly or indirectly employed by any of them or anyone whose actions anyone of them may be liable or in any way associated or connected with the performance of the obligations under these specifications, in whatever manner the same may be caused, and whether or not the same be caused or arise out of the joint, concurrent or contributory negligence of any of the Indemnified Parties. The preceding indemnity shall include, but not be limited to, court costs, reasonable attorney's fees, investigation costs, defense costs, settlements, and judgments associated with such demands, claims, suits, or actions.

The Board shall not be liable for, and the successful bidder shall waive all claims against the Board and be responsible for, all loss or damage to persons or property sustained by the successful bidder, its officers, agents, or employees (except such as may arise because of the sole negligence of the Board) which may arise about the services to be performed by the successful bidder hereunder.

11. Dispute Resolutions, Governing Law, Venue, and Jurisdiction

11.1. Dispute Resolutions

The Parties hereby recognize and affirm that this Agreement is contractual in nature and that it does not involve any interest in real estate. Accordingly, all disputes, claims, controversies or litigation arising out of, or relating to, or in connection with, any provision of this Agreement or the Parties thereto, whether asserted as the basis for a claim, counterclaim or crossclaim, or a defense to a claim, counterclaim or crossclaim shall be resolved by a judge sitting without a jury. The Parties understand that they have a right to litigate disputes in court, and that they prefer to resolve their disputes through a trial before a judge sitting without a jury and that they knowingly waive any right they have to a jury trial.
