PUBLIC NOTICE

RESCIND BOIL WATER ALERT

WESTERN AREA OF

THE BIRMINGHAM WATER WORKS SYSTEM

ALONG US HIGHWAY-78

May 14, 2024 - A portion of the Birmingham Water Works water system was shut down on May 10, 2024, due to a water main break. The damage resulted in the loss of water pressure to several areas of the western part of the water system. Daily testing was conducted to verify the safety of the drinking water.

As of 9:00 AM, Tuesday, May 14, 2024, the “Boil Water Alert” for the western area of the Birmingham Water Works system along US Highway-78 is officially rescinded and an **“All Clear”** is issued. Water from all areas of the Birmingham Water Works system is safe to drink. This action officially rescinds the notice that was issued on May 10, 2024. The following areas can resume normal operations:

Cities and Towns

Adamsville

Fultondale

Neighborhoods

Forestdale

Sandusky

Pratt City

Lewisburg

Upper Coalburg

Coalburg

Mineral Springs

Pinkney City

Hayes Highland

Greenleas Heights

Smithfield Estates

Zion Heights

Westwood

Union Grove

Hillview

About Birmingham Water Works:

Founded in 1951, Birmingham Water Works (BWW) serves nearly 770,000 people in Jefferson, Shelby, Blount, St. Clair, and Walker counties. The BWWB operates four filtration plants, a certified testing laboratory and has more than 4,000 miles of pipe in its distribution network and remains one of the nation's leading water providers.
